

VUONG NGOC HUE

Software Tester

ngochuevuong12@gmail.com | 0334548218 | LinkedIn: [linkedin.com/in/huengocvuong](https://www.linkedin.com/in/huengocvuong)

CAREER OBJECTIVE

Seeking a challenging entry-level Software Tester position where I can leverage my testing knowledge and practical experience to ensure product quality. I am a proactive and detail-oriented individual with a strong commitment to continuous learning and improvement. I aim to contribute to delivering reliable software while developing my skills toward becoming a professional QA engineer.

SKILLS

- Manual Testing: Test Case Design, Test Execution, Bug Reporting
- Testing Types: Functional Testing, Regression Testing, Smoke Testing, Performance Testing
- Tools: Jira, Postman, Apache JMeter, OWASP ZAP
- Database: Basic SQL (SQL Server)
- Knowledge: SDLC, STLC, REST API, HTTP/HTTPS

WORK EXPERIENCE

FPT IS

Software Tester

Jul 2025 – Present

- Executed Functional, Regression, and Smoke testing for high-traffic web and mobile applications.
- Designed and managed 200+ test cases; efficiently tracked defects using Jira to ensure software quality.
- Conducted API Testing via Postman, validating response data, status codes, and error handling for complex backend services.
- Contributed to a Government-level project involving secure digital identity and enterprise internal applications.
- Collaborated closely with developers to reproduce issues and verify bug fixes, improving overall system stability.
